How the outcome window changes the case mix

Number of observed events within calendar horizons. Each row counts firms once.

Window	Entry years	Financial	Trading	Normative	Major violation	Total
12 months	2023–25	0	21	0	4	25
24 months	2023–24	8	24	0	0	32

Some of the same events appear in both rows. The 2025 H24 window has no formal performance estimate.
